

Delta Hospital
FOUNDATION

HELPING HEART

As a community-minded resident of Delta, John Hatfield knows that having immediate access to the most technically advanced medical equipment and compassionate staff is important. John believes in Delta Hospital.

Our community's health is important, and after undergoing his own cardiac treatment, John knows that nothing is more important than Delta's cardiac health and the vital role echo-ultrasounds play in a patient's diagnosis.

This is why he made a gift to the **Results: Healthy & Growing Campaign** to expand and enhance Delta Hospital's Medical Imaging and Laboratory Departments.
